

A Heavy Clash on Somme Front

LEASE OFFER ON DOCK IS REFUSED BY COUNCIL AT MEETING

By a unanimous vote of the council last night on the receipt/andation of the Harbor Board, the offer of H. M. Wade and his associates to lease the Municipal Wharf for a period of five years and an option for another five years at the expiration of the term of the lease, was rejected.

The offer of Wade and his associates was the sum of \$1000 per month for the exclusive privilege of the wharf and he refused to state for what purpose the structure was to be used—whether for storage as a warehouse for general public docking purposes. Also Mr. Wade refused to divulge the nature of the concern he represented, his organization or to give the members of the council light on the subject of any nature, other than the mere fact that he would lease the wharf, paying the city the sum mentioned per month for the period named.

Members of the Harbor Board were all present and H. J. Wilder acted as spokesman for the board. He stated that so far as the board was concerned the members would not consent to renting the wharf for the price mentioned. H. A. Johnston, another member of the board stated that in his opinion the price of a thousand dollars per month was "inadequate," intimating by use of the term that the Harbor Board might entertain a proposition to lease the wharf if the price was made larger.

Harbor Master Manner stated that in his opinion the proposition to lease the wharf was a bad one and not to be considered. He said in a few months, from the present outlook the wharf would doubtless be bringing in to the treasury of the city many times the rental offered for it by Mr. Wade and his associates.

In presenting his argument to the council in support of his offer to lease the wharf, Mr. Wade stated that in his opinion the council of the city was not in a position to handle the matter in the same manner as a private individual or a private corporation. He said that had been proven at Oakland, San Francisco, Seattle and New Orleans. Municipally owned and managed

RED CROSS DRIVE BEGINS NEXT WEEK—BIG FUNDS ARE NOW BEING FAST CONTRIBUTED

The drive for Red Cross funds opens today with the Record-Herald when this paper presents to its readers a full page appeal from the Western Pipe and Steel company of this city for donations to the most charitable and humanitarian organization in the world, whose aim is to do nothing but good for suffering humanity, regardless of nationality.

The Western Pipe and Steel company is paying for two pages in the newspapers of this city in order to interest the people of Richmond and vicinity in the necessity of helping out in the drive for funds which opens up here on Monday next and will continue until Tuesday, the 27th.

It is up to everybody to help in this work. The newspapers are

helping out in every way in their power. They are selling space to the committee at about half the usual price and they are donating almost the entire time of the office force in writing articles which may help in stimulating interest in the great work which is being done by the Red Cross for our boys in the trenches. Not only are the newspapers helping out in this work, but they are assisting every war activity with every resource at their command. They have assisted in three Liberty Bond sales without a cent of remuneration and they are ready to help in anything else which may assist the nation in the great war for humanity. They are glad to do this work, as every other Red-blooded American must be glad to help in any way the cause which is the first and foremost with us all at this time.

WOMEN READY FOR BIG PARADE ON SATURDAY NEXT

Everything is in readiness for the great parade of the Mobilized Women which is to take place in this city next Saturday evening, May 25. All of the ladies belonging to the clubs and societies of the city and this includes fraternal organizations, will be in the parade and for the time being at least Macdonald avenue will be an Adamless Eden. The ladies will have the street to themselves and except for a few cops stationed along at intervals to keep the men where they belong there will not be a male in evidence.

The parade will form at First street and will be preceded by a band. Then will come the marching thousands of women who are members of the Mobilized Women and who are going to work for the success of the Red Cross drive. Many of them will carry banners and on them will be inscribed appeals to the people to assist the great work of the Red Cross by contributing liberally.

docks had been universal failures. The Harbor Board asked leave of the council to retire for a few moments to prepare a report and later the report was submitted, recommending the proposition be rejected as "inadequate."

KAISER BILL IS TOASTED BY A VETERAN OF CIVIL WAR

Here is a toast tendered the German Kaiser by S. Yenne, of 143 5th street, this city, a veteran of the civil war. Mr. Yenne is a pioneer of this city and is well known to all our citizens. Here is his toast:

"Here's hoping that the Kaiser may be set afloat in an open boat, the boat and its contents swallowed up by a shark, and the devil's belly and the devil in Hell and the door locked and the key lost, then chain him in the Southwest corner of hell and let the Northeast wind blow ashes in his eyes through all eternity."

REV. LINDER HAS GONE TO IOWA ON WAR WORK

This evening Rev. Frank Linder, pastor of Wesley Methodist church of this city will depart for Iowa, where he will enter the work of organizing Community War Councils. He will be accompanied by Mrs. Linder and they expect to be absent for two months.

Rev. Linder's work of organization will take him among the mining districts of Iowa, and he has been chosen for this locality by the National Council of Defense by reason of the fact that he is accustomed to dealing with the working classes of people, having been in this work before coming to California. He will organize his own team and his equipment will be supplied him by the authorities at Washington upon reaching his destination.

The people of Richmond and especially Wesley congregation are extremely sorry to lose the services of Rev. Linder for even the short time of two months, but they can rest assured at the end of that time he will be back with us, with a mind full of useful information to impart to his people when he again takes up his ministerial duties. The people here, too, are glad to know that Rev. Linder is proving a useful man to the nation at this time when good men are so badly needed in every walk of life and particularly in the matter of war work organization, along which lines he is a past-master.

MRS. GEO. DAVIES DIES AT HOME IN RICHMOND

Mrs. Marie Jane Davis, died at the family home on Sonoma avenue near Grand Cañon Park, yesterday evening, at the ripe age of 78 years. She was the wife of George H. Davies and a native of Illinois. She was the mother of Mrs. Thomas Gately, of Topeka, Kansas, T. J. Davies, of Oklahoma, W. S. Davies, of Spokane, Washington, Mrs. Henry Johnson of New York, G. F. Davies of Richmond and L. H. Davies, of Modesto.

The remains will be shipped by Undertaker E. B. Smallwood to Modesto on the 12:30 Southern Pacific train Thursday for the funeral and burial.

MORE CONCRETE SHIPS ORDERED ON THIS COAST BY GOVERNMENT

SAN FRANCISCO, May 14.—Contracts for seven more concrete ships are to be awarded the San Francisco Shipbuilding Company, builders of the Falch, the world's largest concrete steamer.

The announcement was made today by Charles A. Piaz, vice president of the Emergency Fleet Corporation, a Washington dispatch stated. The company already has contracts for three concrete steamships larger than the Falch. A shipyard with four ways is to be established on San Francisco Bay to handle the construction. Piaz also announced.

WASHINGTON, May 14.—The first million tons of ships completed and delivered to the United States government under the direction of the shipping board have been put on the high seas to help defeat Germany.

A total of 159 vessels of 1,108,621 tons was completed up to May 11, according to statistics compiled by the shipping board. Since January 1, more than half of the total tonnage, 647,896, has been delivered, although forty-six have been launched, due to delay in obtaining boilers and other machinery. The first completed wood ship built on contract for the government now is undergoing speed trials off the Pacific Coast. Deliveries of ships made last week were made at Seattle, Sparrow Point, Md., Chicago, Ecorse, Mich., Gloucester, N. J., Wilmington, Del., and New York.

Eight steel ships, totaling 48,166 tons, were completed during the week days ending May 11. Fourteen vessels were launched with a total tonnage of 57,100 of which seven were steel, with a total capacity of 33,100.

The steel deliveries included one refrigerator ship, two tankers and five cargo vessels.

registered in this district. With the Government encouraging the conservation of fats, and the inauguration of the manufacture of the uncolored product in this district, there promises to be a lively trade in oleomargarine. For this reason Collector Wardell has instructed Chief Field Officer W. A. Kelly to see that all internal Revenue regulations governing the trade are strictly enforced.

AMERICAN NAVY HELPING PUT DOWN SUB MENACE

LONDON, May 14.—American naval aid has been of the greatest help to the British fleet, says Archibald Hurd, the naval expert, writing in the Daily Telegraph on the new situation in the North Sea resulting from the extension of British mine fields and the generally increasing naval pressure against Germany.

"When the war is over," he says, "the nation will form some conception of the extent of the debt which we owe the American navy for the manner in which it has co-operated, not only in connection with the convoy system, but in fighting the submarines."

"If the naval position is improving today, as it is, it is due to the fact that British and American fleets are working in closest accord, supported by an immense body of skilled workers on both sides of the Atlantic who are turning out destroyers and other craft for dealing with the submarines, as well as mines and bombs."

"The Germans can have a battle whenever they want it. The strength of the Grand Fleet has been maintained. Some of the finest battle-ships of the United States navy are now associated with it. They are not only splendid fighting ships, but they are well officered and manned."

"If Admiral Beatty were asked his opinion there is no doubt of what he would say of the value of the aid which the United States has given in this respect. The conditions under which the Germans would engage us, therefore, are less favorable to them than two years ago."

DAVID GREEN VERY ILL IN LOS ANGELES

Mrs. David Green, of 1317 Barrett avenue will depart this evening for Los Angeles in response to a telegram informing her of the serious illness of her husband who is confined in a Los Angeles hospital.

Mr. Greene, who has been employed in the Pacific Porcelain plant, departed for Los Angeles eight weeks ago to take a much needed vacation for the benefit of his health. For the most of the time he has been in the hospital in the Southern metropolis since he departed from Richmond.

CLOTHES ARE SCARCE

AMSTERDAM, May 14.—Travelers returning from Germany state that meat and butter are more plentiful now in that country. They add, however, that while food substitutes are slightly improving, clothing and shoes are much scarcer.

FIERCE CANNON FIRE PRESAGES THE EXPECTED DRIVE OF HUNS IN FLANDERS

PARIS, May 14.—Successful patrol operations were carried out by the French on the Dierdre and Meuse River fronts, which resulted in the capture of some German prisoners, the war office reported today. Heavy gun fire has developed in Champagne. An enemy raid against French advanced posts north-east of Orlvillers-Sorel was easily repulsed.

LONDON, May 14.—German artillery is now furiously cannonading British positions in the sectors of the Somme and Aisne Rivers, the war office announced today. This district lies east of Amiens. There has been no break in the comparative lull in the infantry operations, however.

There were minor operations, the British raiding a German trench near Rebecq, capturing some prisoners. West of Merville an attempt by the Germans to raid a British trench broke down.

NORTH BELGIUM FLOODED

All the ground between Ypres and the North Sea is extremely muddy from partial inundation, preventing the development of an offensive in that area, writes the military critic of the Exchange Telegraph company.

Between Ypres and the Flanders hills the flat country opposite Poperinghe, Hazebrouck and Doullens (in Northern France), offer a line of defense, however.

The Morning Post states that Austria has 500,000 reserves in the Tyrol, which the Kaiser, at the Austro-German council of war said he wanted for the western front drive.

It is believed by the Morning Post that Austria would not accede because they would be needed in the event the Italians launched a counter offensive.

DESPERATE MOUNTAIN BATTLE

ITALIAN ARMY HEADQUARTERS IN NORTHERN ITALY, May 13.—Italian troops repulsed with heavy loss a desperate enemy attempt last night to recapture the lost of Monte Corno. It is believed that this was only the first of a series of efforts to recapture the lost ground, owing to the value of the height which commands the ap-

G. A. R. TO MAKE FUNERAL ARRANGEMENTS

Funeral arrangements are to be made by the members of the Grand Army of the Republic this afternoon for John Nell, who died night before last at the Soldiers' Home at Fountville. The body is at the undertaking parlors of Best Curry on 11th street, having arrived this morning by the Southern Pacific.

It is probable that full particulars will be published in the paper tomorrow concerning the last rites over the remains of the dead veteran of the late civil war.

OLEOMARGARINE IS TO BE MADE IN SAN FRANCISCO

SAN FRANCISCO, May 14.—Collector of Internal Revenue Justice S. Wardell today issued to the Western Meat company a license for the manufacture of oleomargarine. This is the first "oleo" manufacturer's license issued in this district. It is understood that the Western Meat company will on July 1 go into the oleomargarine business on a large scale.

There is a state law which prohibits the manufacture or sale of colored oleomargarine. The number of retail dealers in this form of fat fluctuates according to the price of butter. There are now about 800 retail and eight wholesale dealers

"YOUR ADVERTISEMENTS REFLECT THEMSELVES"

That's what a business man told us the other day. We're glad they do. We try to make them do just that—and no more. We do not want to promise more than we can perform. We do not want any one to get a wrong impression from anything that appears over our signature from week to week. When we say that this bank uses the best methods in all departments—when we say that you'll receive courteous, intelligent, helpful service when you come—when we say that all depositors, regardless of the size of their accounts, are welcome here—we mean just what we say. Nothing could please us more than to know that we are succeeding in reflecting our institution and ourselves in these advertisements.

AMERICAN ACHIEVEMENT

The much-advertised German "efficiency" of which we heard so frequently before the extent of cunning German propaganda was brought home to us, pales, on sober second thought, before our own achievements in almost any line.

In wheat and meat and steel and railroads, American organization was in unchallenged supremacy before the war. One merchant shipping, our navy and our army, when we have beaten Hun frightfulness into the dust, will have risen to marks that will give the Alexanders, the Napoleons and the Wilhelms of the future things to wonder at and realize that they cannot attain.

Germany's one supreme achievement, the carefully organized exploitation of beastliness, ruthlessness, duplicity and dishonesty has no competitor.

Democracy will be great in its triumph because it has won by fair and open fighting, with unbroken pledges and unblemished chivalry toward the small nations of the earth.

Where German autocracy has backed its way through unfeeling civil populations with jagged edges of destruction, American Democracy has found time to bind those wounds while caring for the injured of its own battle lines.

American achievements in organization on the titanic scale modern problems require has no better exemplification than in its own American Red Cross. It has expended tens of millions of dollars in every corner of the war-swept globe. Its food supplies have kept alive the homeless victims of German sweeps in France and Italy. Its nurses, physicians and medicines have stopped the plagues that threatened to wipe out what little the Germans left of the populations of Rumania and Serbia.

Its workers have stopped the flow of blood and cheered the fighters on every American battlefield.

Its millions of expenditures have been drawn of the purses of all of us, and so carefully financed that for every dollar given, one dollar and two cents has been expended. The American Red Cross comes to the people on its record.

New needs demand new funds. One hundred million dollars is the present toll. Let us raise it quickly lest those who leave the firing line for aid, find lack of it and wonder.

Our quota should be merely a mark toward our total.

It may be enlightening to the municipalities in the East Bay cities to know that the East Bay Water company disclaims any legal responsibility to furnish water in case of fire. And this, notwithstanding the fact that the company is charging these municipalities anywhere from \$2.50 to \$4.50 each per month for fire hydrants. Richmond is paying the East Bay Water company a large sum of money each and every month for fire protection which, according to the water company, amounts to nothing. If the water company is not bound to supply water, then why should the taxpayers be compelled to buy protection that is no protection at all? This is a question which it may be well for somebody to answer. If the water company can do it, let it come forward with an answer, but if not let the representatives of the city government give a lucid explanation.

FEAR A HUMAN INSTINCT

Light forever follows darkness good often comes from evil, and courage is often born of fear.

Fear is one of the strongest human instincts and one of the first to develop in the child. There is no reason to be ashamed if we are afraid, for our ancestors have "wished" this horror on us down the ages. But to be ruled by fear is no credit to an intelligent man or woman. The less an individual fears, the more civilized he is.

"The progress from brute to man is characterized by nothing so much as the decrease in frequency of proper occasions for fear," wrote William James, first among American psychologists.

There are evidently, a few "proper occasions" for fear, but still it is quite possible for complacent and unimaginative persons to live through their generation without experiencing the feeling at all. Even the atrocities committed by the Hunnish hordes do not touch certain minds and hearts. James, although he died some years ago, hit such cases in this paragraph:

"We conclude if we knew no fear that the horrors we hear of are but a sort of painted tapestry for the chambers in which we lie so comfortably at peace with ourselves and with the world."

Evidently fear must have a very positive value if it can rouse an individual from such lethargy. And, in fact, fear has often benefited man. Fear of hunger forced man to sow and reap. Fear of pain drove him to cure disease. Fear of poverty drove him to thrift. Fear, like most elemental emotions, has its positive and its negative values. Undoubtedly, it is an instinct to conquer when a burglar invades the home, or when a soldier faces the enemy. But undoubtedly it is an instinct which will strengthen a righteous hate—when a kaiser draws the sword. Unless you know what fear is, you cannot appreciate courage, and you will not sufficiently honor the brave who fight your battles overseas.

Don't fear your fears. Don't be ashamed of your fears. Control them as you love your country and its defenders. Conserve them as you hate the Hun.

It appears to be open season to gunning for the saloons. All of the politicians who in years past have been using the saloons as bulwarks are now damming them and recommending that they be put out of business for good and all. Which is going some for a politician, isn't it?

There is nothing in the world that makes the average red-blooded American so weary as the cablegrams sent to America by some of the war correspondents that the American soldiers are bravely standing the rain of shot and shell. It seems to be a matter of some surprise to these dope writers that the boys from this country did not turn tail and run at the first sound of battle. That the Americans are standing the fire of the enemy guns is no surprise to us at home. Nobody expects them to do anything less. Every American is a born fighter and although it is but recent they have been trained along this line, there are twenty million of them here who stands ready to do his duty whenever his country calls.

NOTICE TO TAXPAYERS

State and County Taxes for the Fiscal Year 1917-1918

—who has Your Red Cross money done?

FIRST—it has enabled the American people, through the Red Cross, to help care for its army and navy. **Second**—it has enabled America to hearten her Allies' fighting forces and to keep up, among the civilian populations, the spirit to win the war. This alone has made the American Red Cross one of the largest factors since our entry into the war.

Canteens which provided food and hot drinks—nearly two million meals to soldiers in April; warehouses, crammed with materials, situated all along the French line, all along the Italian lines, at sea-ports and at places where our soldiers are going to fight; institutions for the care of consumptives, institutions for the re-education of maimed men—these are a few of the concrete accomplishments of the Red Cross abroad.

At home—the millions of woolen sweaters, mufflers, socks and other comforts for the men in camps; the work of sanitation around cantonments, and the help and advice given dependents of soldiers and sailors—

These are things which will make you, your children and your children's children proud of the fact that they are Americans.

Will you do *your* share to keep this Hand of Mercy at its work?

Every cent of every dollar received for the Red Cross War Fund goes for War Relief

The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every war-torn allied country.

It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores, and smooth-running transportation facilities, it is serving as America's advance guard—and thus helping to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy, and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

Second Red Cross War Fund

Week May 20-27

One Hundred Million Dollars

This space patriotically contributed by:

THE WESTERN PIPE AND STEEL COMPANY

OF RICHMOND, CALIFORNIA

(THE WESTERN PIPE AND STEEL COMPANY IS PAYING FOR TWO PAGES)

ONE HUNDRED MERCIFUL MILLIONS

By HERBERT KAUFMAN

ONE Hundred Millions for the Red Cross and not one penny of it for red tape.

The mightiest charity, the noblest and broadest volunteer movement of history.

The Red Cross shares no enmities, serves no flag but its own. It is God's agent, His healing, merciful will—the answer of twenty ever-gentler centuries to red barbarism.

Twelve million orphan children are wandering about Europe—twelve million frightened little boys and terrorized little girls, sent adrift to sob alone and perish in the wastes—to live like swine and die like curs, unless magnificent America ransoms them from death—and worse.

How many of your pitying dollars will search the desolations and save them for Tomorrow's works?

The Red Cross needs another Hundred Million, to glean the battle areas for this precious seed before it rots in mind and body—before grief and horror and disease and unrestrained irrevocably blight them.

One Hundred Millions to prevent famine and stifle pestilence, to stamp out hideous fevers, to check an earth-wide wave of tuberculosis, to destroy shuddering filths where verminous plagues feed and breed and threaten all the universe.

One Hundred Millions to found hospitals and build rest stations, to send nurses to the Front and refugees back, to forward surgical units and furnish artificial limbs, to buy medicines and operating instruments, to re-educate the mutilated and show the blind where Hope still shines.

One Hundred Millions to maintain communication with detention camps, to provide war prisoners with food and decency, to take messages out and bring letters in, to negotiate comforts and privileges for the captured, to buy blankets for them and clothes and books and tobacco.

One Hundred Millions for No Man's Land—for stretchers and ambulances, for anesthesia and bandages and antiseptics; to train nurses and orderlies, to outfit and transport skilled specialists, to make sure that a dear one shall have a clean, sweet cot and a sweet, clean girl from home beside it.

One Hundred Millions to keep the world sound and wholesome, while the armies of Justice hold it safe.

I Am the Red Cross

HENRY PAYSON DOWST

(With acknowledgments to Robert H. Davis, author of "I Am the Printing Press.")

- I am the Symbol of the pity of God.
- I burgeon upon the flaunting banner of victory and the drooping guidon of defeat.
- I am the token of peace in the midst of battle, of gentleness shining through the sombre mists of hate.
- I am a chevron on the sleeve of mercy, an honor mark set high upon the brow of compassion.
- I am the color of blood spilled for democracy, the form of Christ's tree of agony, and my followers, at need, crucify themselves to make men live.
- I carry the hope of life into the red pits of death, and a dying soldier salutes me and smiles as he goes to touch the hand of God Almighty.
- I stand for the organized love of mankind, the co-ordinated impulses of young and old to do good, the sacred efficiency of human service.
- I mark the flag under which are mobilized the forces of industry and finance, of church and school, of capital, of labor, of genius and of sinew.
- I am Civilization's Godspeed to those who defend her; I am the message from home.
- I am the Symbol of the pity of God.
- I AM THE RED CROSS.

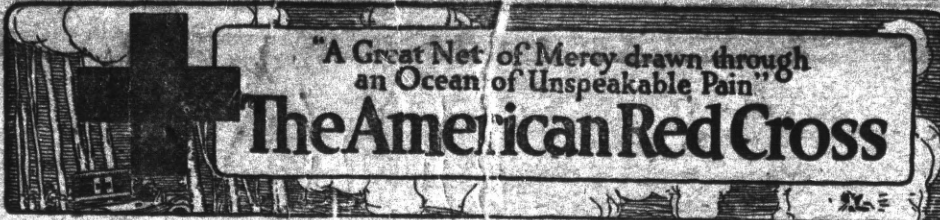

750 Children Herded In Dirty Dilapidated Building Typical Red Cross Case

An official of a French city that was being filled with gas bombs by the Germans, found himself confronted with the problem of looking after 750 children. He telegraphed the American Red Cross in Paris for help. Fifty trained workers were rushed to the relief of these children.

Here is what the Red Cross workers find: Twenty-one tiny babies under a year old and 729 children under ten years. They were herded in a dirty, unfurnished building, with a suggestion of sanitary conveniences. It was the best and safest the official could find at such a moment, but you would not think it fit a dog.

And here is what the American Red Cross workers did in two days: They thoroughly cleaned and transferred to new buildings outside the city the entire 750 children. Red Cross doctors attended the sick; nurses were secured for the babies. Suitable food was provided for all, and they were so classified as to provide against the separation of families; also an organization for the permanent care of these children, including their education, was started and has since been put into operation.

So much for the 750. But how about the thousands upon thousands of others? Right now the little children of France are at your doors crying for food, shelter, protection against German brutality and dying as they cry.

A Great Net of Mercy drawn through an Ocean of Unspeakable Pain
The American Red Cross

The Call From No Man's Land

The Spending of Your Hundred Million Dollars

Busiest Budget in All the World Is a Red Cross War Fund—Every Dollar Spent Alleviates Misery.

By WILL PAYNE

Last summer the public subscribed a hundred million dollars to the Red Cross. At the latest statement over eighty-five millions of it had been appropriated.

Where has it gone? you ask. For many months the world has been spending over a hundred million dollars a day for the destruction of life, limb and means of subsistence. Call up what you have read about the war's devastation. The American Red Cross enormous job is to do whatever it can to alleviate that—not after the war, not after governments have deliberated and resolved; but right now, at the minute, on the spot. It's amazing that it has done so much with so little money.

I have here a big sheet of sheets filled with figures. One item is thirteen million and odd dollars—the amount which, up to that time, had gone to the local chapters of the Red Cross in the United States for local relief. Twenty-five per cent of the money subscribed through the chapters eventually goes that way.

Over thirty millions have been appropriated for work in France. Here is a million and a quarter—in round numbers—for military hospitals and dispensaries; over a million and a half for canteen service, where French and American soldiers, relieved from the trenches, can get good food, a cot, a bath, and have their clothes disinfected—and so on for their brief holiday clean, rested, nourished. There are over three millions for hospital supplies; half a million for rest stations for American troops.

Aid of refugees—eleven thousand families—accounts for nearly three million dollars; care and prevention of tuberculosis takes over two millions; care of helpless children over a million; relief work in six devastated districts, including care of five thousand families and sufficient reconstruction to make houses habitable, required over two millions.

Misery on an Unparalleled Scale.

These are all large items; but the Red Cross is grappling with human misery on an unparalleled scale—a world of it. The item for relief of the blind amounts to four hundred thousand dollars. The dispensary service sends supplies to more than thirty-four hundred hospitals. The Red Cross receives and distributes more than two hundred tons of supplies daily at Paris. For this distribution and its other work it requires a big transportation service of wagons and trucks. This transportation service has cost a million and a half, and its operating expenses run to a million dollars.

Every dollar it spends means misery alleviated. Its work is building abroad for the United States the best good will in this world. It is building the best good will among ourselves. Whatever else the war may produce, we shall be proud of our Red Cross.

I want to say to you that no other organization since the world began has ever done such great constructive work with the efficiency, dispatch and understanding, often under adverse circumstances, that has been done by the American Red Cross in France.

—General Pershing.

ANY MAN TO ANY MAN

By GERALD STANLEY LEE

I DO not know how other men feel about it, but I find it hard, with all that is happening to the world today, to look a small boy in the face.

When a small boy looks trustingly up to me and I see his world—the world he thinks he is going to have, in his eyes, I am afraid.

The look in his eyes of the world he thinks he is going to have cuts me to the quick.

I have always felt I had an understanding with a small boy before.

But the last four years when he looks at me in that old way and I think of his world—the one I see in his eyes—the one I had myself—the one every small boy has a right to, I see suddenly instead the one that is being left over for him by me, by all of us, the one he will have to try to put up with, have to live in, have to be a man in, when you and I have stopped trying.

Then when I face the small boy I want to go off in a wide high place alone and think and ask God: I want to go down into the city and fight—fight with my money and with my hope, go over the top with my religion and then come back and face the small boy.

There are days during this struggle when my soul is spent and all the world seems made of iron and glass and all these crowds of people flocking through the streets who do not seem to care.

It seems as if I would not turn over my head to save a world to live in myself. . . . It does not matter about me—and some days the people I see go by almost make me think it does not matter about them. . . .

Then suddenly I go by troops of school children at four o'clock pouring out into the streets, pouring like fire, pouring like sunshine out into the streets!

It is as the roll of drums for the Liberty Loan!

I want to ring great church bells to call people to the Red Cross!

My rule for a man's finding out just how much he should subscribe to the Red Cross is this:

Put down your name and address on the blank and leave the amount open to think. Then try going past a schoolhouse about four o'clock when the children are pouring out.

Or in the evening when the house is quiet, put down your name and the best figure you dare on the white paper.

Then go upstairs a minute and look in the crib.

Then look at your blank when you come down once more.

THE WAR'S RECOMPENSE

The original of this verse was found on an American soldier who bravely fought and as nobly died. The map is yet unknown.

Ye who have faith to look with fearless eyes Beyond the tragedy of a world at strife, And know that out of death and night shall rise The dawn of ampler life.

Rejoice, whatever anguish rend the heart, That God has given you a priceless dower, To live in these great times and have your part In freedom's crowning hour.

That ye may tell your sons who see the light High in the heavens—their heritage to take— "I saw the powers of darkness put to flight, I saw the morning break."

A MESSAGE FROM EDWARD N. HURLEY,

Chairman of the United States Shipping Board.

EVERY dollar that has been appropriated by the American Red Cross in this war has welded closer that relationship between the United States and the nations of the Entente, a relationship that will have a marked effect upon the peace council that is coming.

If this work of spreading the gospel of mercy is to continue, every man, woman and child in this republic must give the American Red Cross his fullest support in its second campaign for \$100,000,000.

Our boys in Europe are looking to us to back them up and I know of no better means of supporting them than through the instrumentality of the American Red Cross.

The good it has already accomplished and the comforts and welfare it will provide later when the stress of war becomes greater for the United States forces, make it imperative that the second fund of \$100,000,000 be a spontaneous gift on the part of the American people.

Stomach Trouble Cured

Oakland, Oct. 2, '17
My stomach was my master for many years. I had a clerk in the office of the number department of the S. P. Co. and after a year's work I had an annoying, grating sensation, together with an empty feeling in my stomach. This was not a case of indigestion, as my health was broken and I was in a hospital for several weeks. The doctors first cleaned me out with a stomach pump. Then they treated me for ulcers, and finally, as I did not improve, they observed my digestion through an X-ray. Concluding that they could do nothing for me they sent me home with the suggestion of an operation. Then a fellow employee who had received a great benefit by drinking the FONG WAN HERB CHINESE HERBS suggested that I try them. The first cup of tea brought me genuine relief, and after a few weeks I was entirely cured. I am back in the office and will be glad to give my personal testimony to any desiring it.

"HEY, RUBE!" DAYS OVER WITH GREAT CIRCUSES OF PRESENT
It's a far cry from the days when yells of "Hey, Rube!" on a circus lot assembled razor-backs, rough-necks, tinkers, punks, drivers and performers for a "clem"—a battle with stakes, pins and fists against rowdies—to the present time when Sells-Floto shows "troupe" in red, white and blue trains with far less uproar than there is on a home-seeker's excursion.
In the old days even the executives of a circus mixed in the "clem," and great was the carnage in plaid vests, capriole collars and pop bottle "diamonds." Now a fight on the circus lot is no more likely than a fight at a chautauque.
A battery of typewriters is the most hellacious thing the executives see. Heavy fines make an occasional curse word costly. The circus uses all its excess energy in getting the trains of heavy equipment over the road on time, loading, unloading, parading and giving two performances each day save Sunday.
And when Sells-Floto circus comes to Richmond on Saturday, May 25th, the man who is known as the pioneer of clean and courteous showmanship—H. B. Gentry, the famous showman—comes with it. This time he comes as a big show pioneer, it is claimed, for he has injected just \$75,000 worth of novelty and laughter into the Sells-Floto performances, the "ten blocks greater" parade, the "million dollar pageant," with its section after section of colorful and striking surprises, and the beautiful spectacle, "The Birth of the Rainbow," a colorful and inspiring extravaganza employing 800 persons and 400 animals in groupings and animated pictures never seen under a circus tent before. All the circus sights one loves best will be there, and, in addition, there will be many that will delight with their freshness and originality. These things the men ahead of the circus promise with the light of confidence in their eyes.

DR. M'COWAN TO SUPPLY PULPIT TWO MONTHS

Dr. C. C. McCowan, formerly of Chicago, and at present professor of English and Bible at Berkeley, will be acting pastor of Wesley M. E. church during the two months absence of the pastor, Dr. McCowan is a graduate of Chicago University and has studied in Paris, London and Berlin. He spent two years in Berlin and next Sunday evening will begin a series of lectures contrasting American ideals with German ideals, basing the lectures on the two years experience in the German capital.
Wesley church people feel that in bringing Dr. McCowan to Richmond for these two months, they are making a distinct contribution to the cities welfare, and that he will be fully able to take charge of all the many activities of this great institution during the pastors absence. Dr. McCowan will be in the church office each day between nine and twelve a. m. and is available for any pastoral work.

BUSINESS MEN WILL INSPECT BIG MEAT PLANT
A number of Richmond business men will leave the 9 o'clock train tomorrow morning for a trip of inspection through the great plant of the Western Meat company at South San Francisco. Every detail of the working of the plant will be explained and the long expressed desire to see just how U. S. Federal inspected meats are produced, will be satisfied.

ALICE BRADY
WOMAN-WIFE

L. Dearborn, secretary of the Merchants Association received a letter from his son Eddie Dearborn who is now in London, England, attached to an American Aero Squadron. He has been transferred from Truck Division to the repair and maintenance department and is well satisfied with the change. He likes the work of caring for the flying machines and is developing a great deal of mechanical skill along that line.

THE SANTA FE HAS ESTABLISHED A CAMPING OUT BUREAU

There are some Far West trips, such as to the Rainbow Natural Bridge, more than two hundred miles from the railroad, that have been taken by less than a hundred white people. Theodore Roosevelt made the Bridge trip in 1913 and Zane Grey went later, to get material for one of his most popular novels, "The Rainbow Trail." Every year a greater number of busy business men, as well as those who love the out-of-doors, are making trips in the Southwest off the beaten path. They climb mountain peaks. They descend canyon trails. They cross painted deserts, visit prehistoric cliff ruins and see Indian pueblos. They really rough it or camp-out de Luxe.

The great difficulty has been to get first hand and reliable information as to trips, time consumed, distances and cost, and to get in touch with dependable outfitters and guides.

BAD WATER BRINGS ON KIDNEY TROUBLES

Are your kidneys giving out? Back feels lame and aching? Passages painful or too frequent? Hard water is hard on the kidneys. Alkaline water is especially bad. Give the kidneys help. Help to overcome the effects of bad water.

Use Doan's Kidney Pills. You can depend on Doan's, Richmond people recommend them. Read this Richmond woman's experience.

Mrs. O. F. Barley, 612 Eighth St., says: "I think poor drinking water weakened my kidneys and caused kidney trouble. I had pains in the small of my back and at night, I was restless and could hardly sleep. I was very nervous and became easily upset. I had headaches and dizzy spells, when everything seemed in a blur. I read about Doan's Kidney Pills and one box, procured at the La Moine Drug Co., cured me."

Price 60¢ at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Barley had. Foster-McMillan Co., Mfrs., Buffalo, N. Y.—Adv.

Eddie Dearborn declares that he receives no news concerning the great war which is so near to him—far less than when he was in America. All newspapers in that country are carefully censored, as are the letters coming to them, so there is but little to be determined from information gleaned over there.

He tells about visits made to the city and especially to a church which he declares is two thousand years old. He says every night the lights go out at 9 o'clock and from that time until morning the town is in darkness.

Sergeant O. C. Yenne, of Company K, 158th Regiment of Infantry, stationed at Camp Kearny, is the son of S. Yenne, of this city. He has been at the Linda Vista camp for the past six months and is drilling hard every day, getting ready for the trip across the Atlantic to fight the Huns.

Sergeant Yenne is a Richmond boy and has a host of friends here who will be glad to know that he is doing well and is content with his work, except that he would like to be sent to Europe to help finish the job the other American boys have started over there.

THE RED CROSS JUNIORS WILL GIVE BENEFIT ENTERTAINMENT

The Junior Red Cross members, the little girls and boys of the grammar schools of the city are going to give an entertainment at the Lincoln School Auditorium on Friday evening for the benefit of the Red Cross War Fund. It is to be a somewhat pretentious affair and the people of the city are entering into the spirit of the occasion and are buying tickets liberally for the event. Last night three little girls were at the city hall and they sold tickets to everybody attending the council meeting.

The following is the program outlined for the entertainment:

- 1—Melody in F. Minnie Kheeland, Edwin Fanning.
- 2—(a) Skirt Dance, Eleanor Hart. (b) Capilla. Toe Dance, Oia Medall.
- 3—Piano Duet, Adrienne Mackay, May Hart.
- 4—Recitation, "I Wonder Why", Patricia Moxon.
- 5—Piano Solo, Dorris Lincoln.
- 6—Recitation, "The Charge of the Light Brigade", Lella Hasson.
- 7—Song, "Just a Baby's Prayer at Twilight", Maurine Boone.
- 8—Skit, "The Spring Princess", Characters, Meca, Ieda Ogborn; Foama, Jeanne Ogborn; Ivan, Clyde Cassidy; Princess Valeska, Marjorie MacConnell; Paul, Albert Thompson; Sera, Anna Schroeder; Nymphs, Bettie Stephens, Patricia Moxon, Mildred Owens, Mildred MacConnell, Alice Maloney, Alice Anderson.
- 9—Song, "Richard Gimniny."
- 10—Dance of the Three Nations, Arthurine Thornton, Ellen McPherson, June Raymond.
- 11—Silver Toe Dance, Isabella, Helen and Gracie Read.
- 12—Recitation, "The Starry Banner", Evelyn Carson.

"The Star Spangled Banner."

ALICE BRADY THE HEAVY CLASH NEW STAR AT RICHMOND ON SOMME FRONT

(Continued from page One)

In presenting on the screen "Woman and Wife," a visualization of Charlotte Bronte's immortal heroine, Jane Eyre, Alice Brady is creating for the second time in her career as an artist, one of the most popular of the characters of juvenile fiction. The picture is at the Richmond theater today.

When Miss Brady was a star of the speaking stage, she appeared for an entire season under the management of her father, William A. Brady, in a stage adaptation of Louise M. Alcott's famous novel, "Little Women." Now Miss Brady has added "Jane Eyre" to her record, thus causing her to go down in unimpaired fame as the creator, on the stage and screen, of the two girl characters in fiction most universally beloved.

The picture in which the trials and tribulations of Jane are perpetuated is called "Woman and Wife." The adaptation for the screen of Charlotte Bronte's novel was made by Paul West, the picture is directed by Edward José, and presented by the Select Pictures Corporation.

SHOOT DOWN 5TH FLYER

PARIS, May 14.—Aviator Frank Baylies of New Bedford, Mass., has just shot down his eighth enemy machine. Lieutenant Guerin, the French "ace," who has 23 victories to his credit, has been wounded in the side during a duel with a German airman.

FREEDOM IN PORTUGAL

LISBON, May 14.—Portugal is to have religious and political tolerance and amnesty is to be granted to all political offenders, except certain members of the old republican government, said a proclamation read by President Paes at the City Hall.

GIRL'S STATEMENT WILL HELP RICHMOND

Here is the girl's own story: "For years I had dyspepsia, sour stomach and constipation. I drank hot water and olive oil by the gallon. Nothing helped until I tried 'Lactogen' bark, glycerine, etc., as mixed in Adler-L's. ONE SPOONFUL helped me INSTANTLY." Because Adler-L's flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold.—C. E. Niebler, druggist.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Adia before breakfast if your back hurts or bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Advt.
